		Low			
Complaints Disposed this Period – by Category		ISP's Overdue		USP's Overdue	
Category 1					
Category 2					
Category 3					
Category 4					
Category 5					

Note: Information on this report is for the complaints received during the reporting period, on-going cases, and cases closed during this reporting period. Data Source is Services Worker Support System (SWSS). Calculation for **Contacts Req.** is based on initial risk level (RL) and # of victims(#V). RL-Intensive = 4 + (4* #V). RL-High = 3 + (3 * #V). RL- Moderate = 2 +(2*#V). RL-Low = 1 + (1 * #V). e.g. case with RL-Moderate and #V=2 will have 6 required contacts (2 + (2*2)=6). An asterisk (*) after a case number indicates this worker is a courtesy worker on the case.
